Car Doors

Make A Lasting Impression!

Are your elevator doors in need of an extreme makeover? Because you never get a second chance to make a first impression, update your elevators with new car doors from The Vertical Express! Choose from our wide variety of styles to meet your building's décor and demand.

Our standard doors are constructed of durable formed metal with a baked enamel finish. They can be accented with a decorative and functional brushed stainless steel kickplate. Upgradable door finishes include brushed or polished stainless steel or bronze, as well as 5WL patterned stainless steel. Custom finishes are available upon request.

The standard height of The Vertical Express doors is 7'0" (2134), but can be constructed up to 9'0" (2743) high. There are three styles of doors to choose from:

One-Speed	Two-Speed	Center-Opening
Most economical door	Wider opening	Permits quickest entry and exit
Right or Left hand opening	Right or Left hand opening	Symmetrical appearance
